BATHS & SHOWERS

The way bathing was meant to be.

Bathtubs have special meaning to KOHLER. In fact, KOHLER stepped into the bathroom sanitary business exactly because of the founder's inspiration to remodel a horse trough/hog scalding into the first cast-iron bathtub. From that day in 1883 till today, KOHLER has continuously developed bathtubs and other breakthrough bath and kitchen innovations to become the leader in the sanitary industry and to make your life more relaxed and gracious.

SINK & FAUCET

With incredible quality, thoughtful design and a range of materials and gorgeous colors, you can't go wrong with a KOHLER® sink. Function and style converge to form KOHLER® kitchen faucets as stunning as they are efficient. We offer a number of configuration, spray and technology options so the faucet you choose will be precisely on task for your needs and space.

Faucet Functions

Helping you work faster and easier in the kitchen, our faucets include innovative features. Choose the functions that complement how you prep, cook and clean in the kitchen.

The KOHLER® Advantage

Innovative designs and technologies – that’s the KOHLER advantage. Magnetic docking, sprayfaces that withstand mineral buildup and effortless hose control provide functional versatility.

DockNetik®

DockNetik is a magnetic docking system located within the spout that securely locks the pull-down sprayhead into place.

ProMotion®

ProMotion technology combines a braided hose with a swiveling ball joint that won't kink or tangle for effortless sprayhead control.

MasterClean™

The MasterClean sprayface withstands mineral buildup and wipes clean with a wet cloth.

Sprays

Kohler offers one of the largest selections of faucet sprays, each designed with thoughtful technology to stay on task for years. Sprays help streamline kitchen tasks, quickly fill large pots with water, gently clean delicate fruits and sweep dirty dishes clean.

BerrySoft®

Delicate fruits deserve a gentle touch. BerrySoft spray is light enough to gently rinse produce.

Sweep®

Sweep your sink and dishes clean with Sweep spray's wide, powerful blade of water.

Boost

With the touch of a button, Boost technology will increase your faucet's water flow by 30 percent.

SwitchGrip™

The sprayhead on the Graze® semi-professional faucet rotates in 90-degree increments, which allows you to set the spray button exactly where you prefer it – to the left, right, front or back.

Ring

Great for everyday cleaning tasks, ring spray offers a precise and powerful flow of water.

Stream

This option provides a full, aerated stream of water that's great for quickly filling large pots.

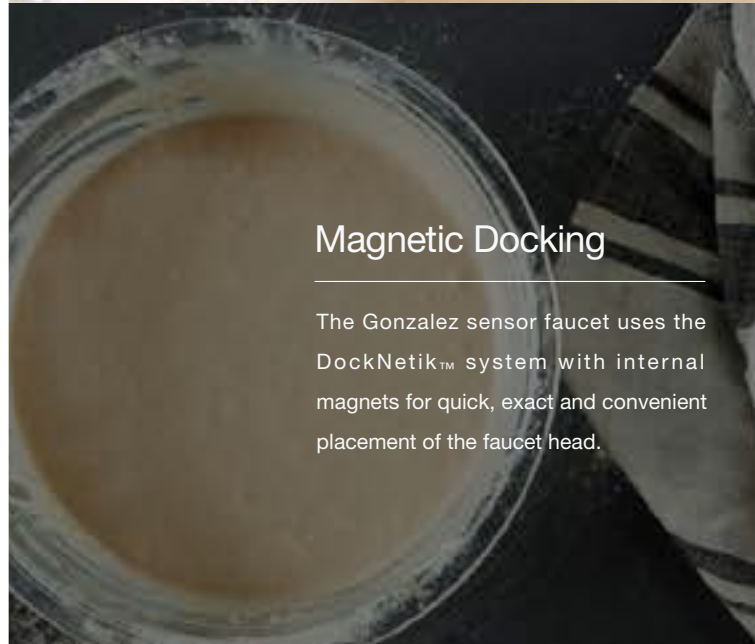

Effortless Control

Flexibility and Durability

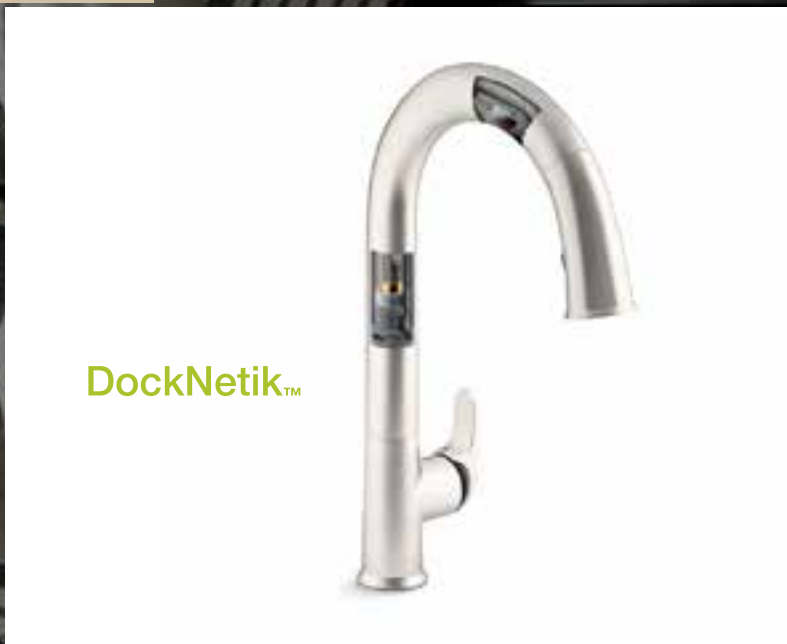

Flexible hose and pull-out spout rotate freely to get to every corner of your sink without drips.

Easy-cleaning kitchenware focuses on the details

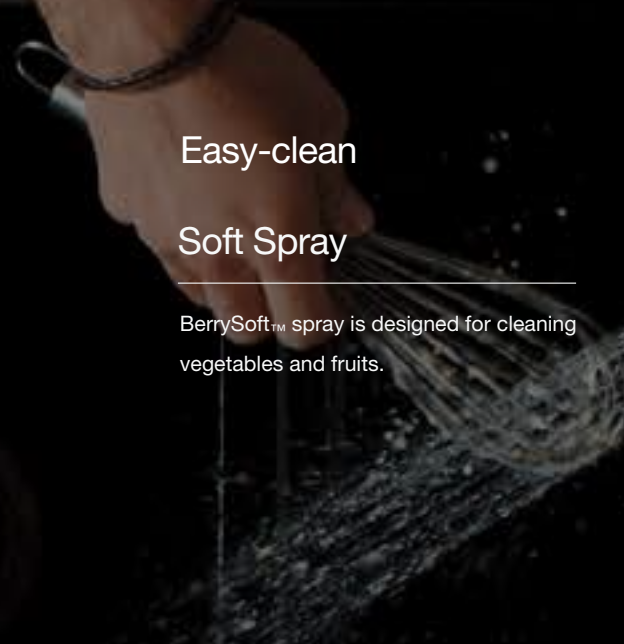

Magnetic Docking

The Gonzalez sensor faucet uses the DockNetik™ system with internal magnets for quick, exact and convenient placement of the faucet head.

DockNetik™

Easy-clean

Soft Spray

BerrySoft™ spray is designed for cleaning vegetables and fruits.

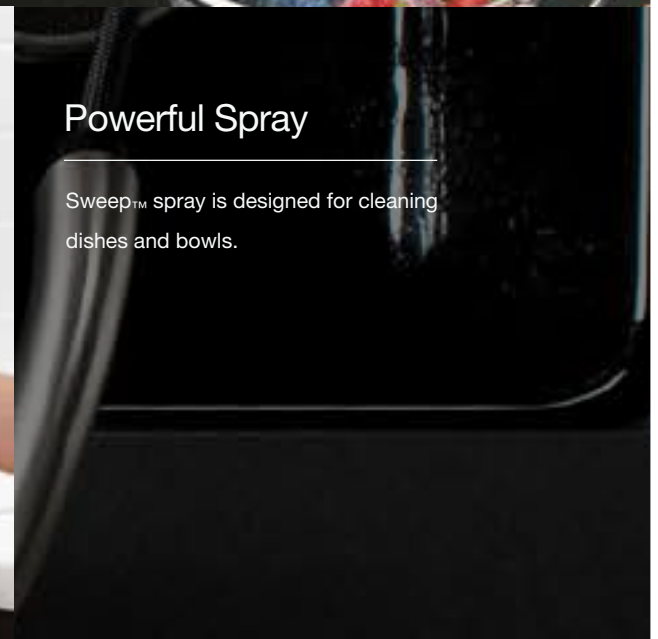

Hands-Free Operation

KOHLER touchless kitchen faucets free your hands so you can speed through cooking and cleanup tasks while enjoying a cleaner, more hygienic kitchen environment. The intuitive Response™ technology is in tune with your every move: a simple wave of your hand — or an object such as a pan or utensil — turns it on or off.
