ALPINE™

Seek comfort in Alpine, the perfect sleep sanctuary for a quality night rest. Using Cool Fiber Technology, the phenomenal cool thread ensures that every inch of the mattress feels cool to the skin as you lay down. The latest advanced Pulse latex layer also grants this mattress more durability, while still providing good ventilation and delightful comfort. Treated with ViroSafe, the microbial and viral activities technology, Alpine refreshes you every night for a better life and healthier living.

COMFORT

Serta® Knit with CoolFiber and ViroSafe Technology

The Belgium knit offers a more luxurious and soft surface for the mattress. Treated with the Adaptive Dynamic Cooling System, this fabric will accelerate moisture evaporation process; leaving your mattress dry and fresh all night long, while keeping it cool for you to sleep on.

Counter Zipper

The contours of your body offering individualized pressure relief. The foam mattresses also come with a soft removable cover known as a zippered mattress cover, which encases the foam.

Pillow Top

A comfortable and plush pillow top that provides the ultimate body pampering and exceptional support.

Euro Top

This feature gives a lofty and plush feel for a body pampering experience.

Pulse Latex

This extraordinary material possesses a great tensile strength, stretching better and stronger than most conventional latex layers. The foam structure of Pulse latex enables it to regulate the micro climate inside the mattresses with its quick moisture release capabilities.

Latex Layer

Latex provides superior back support and outstanding pressure relief. This high quality materials follow the body's contour perfectly and deliver instant indulgence for the body.

Spine Support Foam

This foam provides the extra support the spine needs for a better and more comfortable surface to maintain the backbone at its most natural position, relaxing the body all through the night.

Soft Touch Foam

This foam provides the extra support the spine needs for a better and more comfortable surface to maintain the backbone at its most natural position, relaxing the body all through the night.

SUPPORT

7-Zone Pocket Spring

Arranged in 7 support zones for a more precise body contour alignment, this feature follows your body contour perfectly and supports your spine properly. Each pocket spring creates maximum point of elasticity and firmly holds your body, achieving steady comfort throughout the night.

Foam Encasement

This feature enlarge the sleeping surface of your mattress. You can sleep on the edge without feeling like you are falling off and prevents sagging borders.
