JOURNEY BLACK+DECKER

BLACK & DECKER developed a unique power head for drilling the lunar surface during the Apollo missions in 1971

In 1910, 2 young entrepreneurs, S. Duncan Black & Alonzo G. Decker opened shops in Baltimore, Maryland. They named the factory **BLACK+DECKER**

Today, **BLACK+DECKER** is a global brand of innovative technology-based power tools, accessories, hardware, home improvement products, and fastening products.

Our products and services are marketed in more than 100 countries, and we have factories in 11 countries. We have built a reputation for more than 170 years for prioritizing design and quality and always focusing on consumer needs.

Always helping you to build a better quality of life

BLACK+DECKER

BLACK+DECKER makes home feel cozier. Starting from simple activities such as making a cup of coffee to more advanced activities such as installing a fan on the roof. **BLACK+DECKER** can help you do better.
