More Information

# Foreword from CEO

We have been established since 1997 and our brand, AER, has strived in Indonesian sanitary market for over 25 years. Now, we are one of the leading sanitary-ware companies in Indonesia with the most complete range of quality products and sustainable development of design & technology.

Our main focus is to have a commanding position within Indonesia market. To achieve that position, we have been built by high standard quality through doing many research and development, implementing excellence quality service, and building long term-relationship with our loyal customers.

Before AER products are distributed, we focus on ensuring that has products have passed the quality control with high standard. Furthermore, our granite kitchen sink has been certified by Europe standard (BS EN 13310:2015+A1:2018), confirming that our products have passed the mechanics, product performance, and also free from harmful chemical.

AER kitchen sink have various selections of color, design, and size to meet the taste and needs of customers. Furthermore, we ensure the availability of spare parts and representative service center in big cities in Indonesia.

In everything we do, customers are always at the top of our mind. Therefore, we are committed to provide the finest quality products by giving high innovative design and technology, as well as keep focusing our product standard that lead to our main goal, which to ensure that AER is improving the Quality of Life for our customer.

My warmest greetings for all of you, my current and future customers who enjoy this catalogue.

**Steven P. Sutiono**  
CEO & Owner of AER

# AER History

**1970**

Sutindo Group is initially founded by Nanang Sutiono in Pegirian area, Surabaya - East java, which now is the holding company of AER.

**1998**

Entry into brass fittings market, AER introduces first brass fittings with OV Series.

**2016**

AER spreads its product line up through ceramic products, such as wash basin.

**1997**

PT. Anugrah Ekstravisi Raya is established by Bo Roby Sutiono, entering sanitary wares as AER in Indonesia's market.

**2017**

Certified in SNI for toilet products. Joining IndoBuildTech Expo for the first time. Opening AER first showrooms in Pakuwon Trade Center, Surabaya and Mega Glodok Kemayoran, Jakarta.

**2018**

Begins export operations through Singapore market & certified in PUB Singapore National Water Efficiency.

The company PT. Anugrah Ekstravisi Raya, was initially founded in 1997 by Mr. Bo Roby Sutiono and operates under two superior brands which are AER and AIR. Since then, PT. Anugrah Ekstravisi Raya has grown from strength to strength and expanded its ranges of products to become one of Indonesia's industrial leaders in sanitary wares.

### 2019

Introducing Quality of Life as AER Core Value.

### 2022

Celebrates 25 years of presenting high-quality sanitary products and its innovative design with a strong focus on customer satisfaction.

### 2024

Unveiling elegance closer to you. We are expanding in Indonesia's biggest design & lifestyle expo, Indonesia Design District. AER Experience Center is also coming to Bali, where our high quality product blends with beauty of nature.

Present

### 2020

Opening AER Experience Center in Pakuwon Mall HomePro, Surabaya.

### 2023

Opening AER Experience Center at MOI Jakarta, a customer-friendly space that will help you immerse in our premium products. We are also opening our showroom in Pakuwon City Mall to bring the best sanitary experience closer to East Surabaya customers.

# Quality of Life

For more than 25 years of journey, giving a better Quality of Life has become our core value. As the basis of our company motto strives to transmit, it denotes the purpose of our existence, business fields, and the desired image for all of our stakeholders. We serve to give our customers full satisfaction, comfort, and convenience when AER involves in their life.

Our company is dedicated to take care of the customer's journey. From the initial purchase until the installation at their home, we ensure that customers will have a better lifestyle through our high-quality and reliable products. Kitchen is not just a place for cooking or washing your dishes. It's beyond! It's the place where moms, dads, and everyone who loves to cook and engage in kitchen activities find their love and inspiration. Through AER products, we commit to give our customers the best experience and feeling while doing their kitchen activities. We also complete our customers satisfaction by providing superior service and rapid after-sales services on top of severe quality products.

# Product Excellence

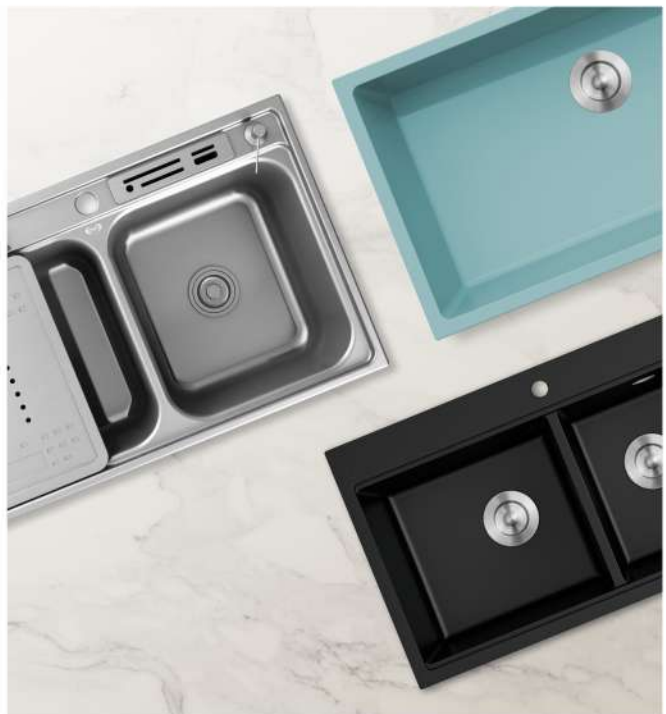

## Finest Material

Our product is equipped with high quality selection of material. We use high standard of 0.8 mm - 1 mm stainless steel 304 for corrosion resistance. For granite sink, it consists of 70% of quartz and 30% of resin. As a result, its surface is able to withstand high heat and scratches from any cooking activities leftovers such as boiling water, dirty sharp knives, and others.

## Newest Design

We always do continuous development and innovation to improve not only our quality but also design wise. For our granite kitchen sink, we offer to you elegant yet functional design. With various type of sinks and colours to choose from, it will flexibly fit to your kitchen interior.

### Easy to Clean

Our kitchen sink is very easy to clean and durable because it's finished with the best materials, ensuring resistance to corrosive substances, such as acid, alkaline, stain, and oil. The non-porous surface makes our granite sink resistant to corrosion. Most importantly, it is also rust-free.

### Sturdy

Created from natural granite with sophisticated process, our granite kitchen sink is extremely solid and sturdy. It withstands hard impacts, high temperatures, and also scratch resistance.

# Kitchen Product Advantages

Designed with endless elegance and function maximization, our kitchen products are not just eye-pleasing, but also very efficient to be stored and used. Our kitchen products are equipped with the best material and finishing which help you optimize your kitchen mobility.

## Export Quality

All products have been certified to export through worldwide market.

## Heat Resistant

Extreme heat will not interfere its durability.  
For our granite sink, its up to 180° C

BS EN 13310:2015+A1:2018

## Scratch Resistant

Our sink surface is resistant to scratches, mark or damages.

BS EN 13310:2015+A1:2018

## Sturdy

Our sink use solid and sturdy granite material, thus it can hold any impacts from hard objects.

## Corrosion Resistance

Non porous surface, acid, alkaline liquid resistance, anti rusty.

## Stain Resistant

No need to worry about food scraps staining your granite kitchen again, so the kitchen will always look good and beautiful.

## Easy to Clean

Smooth surface helps to clean so easily.

## Food Safe

Our sink use environmental protection materials, no harmful chemicals, no radiation, non-toxic, hygienic surface.

BS EN 13310:2015+A1:2018

## The Mute Design

Adding extra insulation to kitchen sink and waste disposal products to make them super quiet. It's all about making your kitchen a calm and serene place to cook and clean.

## Easy to Recede

All of our kitchen sinks have a quick receding system. for our granite sink the flow rate of the overflow more than 0.2 L/s.

BS EN 13310:2015+A1:2018

### Child Safe

Our kitchen sink does not have sharp parts, so it is safe to use even by children.

### Temperature control technology

Easily adjust the water temperature.

### Pull Out Faucet

Using long flexible to pull out the faucet.

### 360° Rotate

AER Kitchen faucet can be rotated 360 degrees.

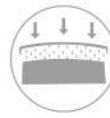

### High Speed

High speed direct-current motor which is durable and powerful.

### Three Stage Grinding

Three stage grinding system with king size grinding chamber.

### Condensation and Dripping Free

Our stainless sink sprayed with insulating barrier formula to prevent condensation and dripping when it use.

### NEOPERL® Aerator

Our products use worldwide aerator brand called **NEOPERL** for full experience of comfort and utilization.

### 5 Years Faucet Warranty

5 years Faucet Ceramic Cartridge Leakage warranty.

### PUB Certified

Certified for water efficiency performance from Singapore's National Water Agency.

### Jamming Resistant

The anti-jamming feature prevents clogs by reversing the grinding direction when it detects a blockage.
